Experience

DIGITAL / DEVELOPER DESIGNER

Present   ZUPA / SOUTHAMPTON

Main digital designer designing and maintaining the current Zupa website (built using GatsbyJS). In charge of creating all branding elements across print and digital and also designing and creating all print work.

UI / UX DEVELOPER

2017-2021   AAREON UK / SOUTHAMPTON

Main UI / UX developer who works closely with the development team building full Saas / Web Software, online portals and Android / iOS apps.
Ran customer workshops with clients to find out what they need and build a user journey which then forms a wireframe which is developed into the final product over time.

UI DESIGNER / WEB DEVELOPER

2012 - 2017   MCKENZIEDAVE / BRIGHTON

Self employed and work on clients sites during the evening and weekends, these range from Data driven websites to simple landing pages (I find it a good way to experiment more and improve my coding skills). Also have created logos / advertising for some of these clients along with hosting packages when needed.
